

## **NDHSAA Regular Season Attendance Guidelines** **Approved by NDHSAA Board of Directors – 12/9/20**

\*The following event tiers will be used to determine maximum fan allowances for NDHSAA regular season events in accordance with [ND Smart Restart Guidelines](#).

Current Orange/High Risk Levels are:

Tier	Seating Capacity	Maximum Number of fans
1	3,500+	25% of capacity up to 1,000
2	2,001-3,499	25% of capacity up to 600
3	1,001-2,000	25% of capacity up to 300
4	≤1,000	25% of capacity up to 150

\*Athletes, coaches, athletic staffing and credentialed event staff are not included in the total.

\*To determine a facility's seating capacity, use the established occupancy limit defined by [fire code official](#).

\*Social distancing shall always be maintained and the use of face coverings is required by all fans at all times.

\*Concessions are not recommended during contests held in counties currently in the Orange/High Risk Level.

\*Non-compliance of any existing Executive Orders may be reported to the NDHSAA Office by a member school administrator.

\*NDHSAA member schools and/or local leaders may approve more restrictive attendance guidelines for regular season contests.

\*If student competitions and performances are in jeopardy of being compromised the NDHSAA Board of Directors will adjust these guidelines to ensure students are allowed to participate in their respective seasons.
